

Make Your Own Chanukiyah

A Chanukiyah is a candelabra, or menorah, which can hold 9 candles. 8 candles are all the same, but one is special, and sits in a different place than the other candles, often higher than the rest. This is called the shamash, and is used to light the other candles, one candle for each night of Chanukah.

You can make a Chanukiyah out of anything you can find at home.

After you've made your Chanukiyah, post a photo of it on the TBI [Facebook](#) or [Instagram](#) pages and make sure to hashtag: #sharethelight

Lego

Toilet rolls

Icy pole sticks

Paper plates
